BEAVERTON HOOP YMCA

Why Support the Y?

The Beaverton Hoop YMCA is a local community center that strengthens and serves by providing quality programming for all ages. For the past decade, we have been privileged to serve the greater Beaverton area by making positive changes in the lives of the people who participate in our programs.

We serve more than 250 active older adults through our group exercise program and fitness facility. Our youth programs draw hundreds of kids from the Portland metro area for our nationally ranked competitive basketball program. In addition, our service area extends throughout Washington County, with programs for youth in multiple school districts.

We have a great opportunity to further impact lives of our neighbors by purchasing our location. With this purchase, we will cement our commitment to the Beaverton community, showing that we will be here for the long-term, providing quality programming to the community.

Join us in supporting the community we live in and expanding our reach to the communities beyond.

In 2017 ...

Help us increase our impact in the Beaverton community.
