YOUTH DEVELOPMENT

Y Time Learn & Play

The YMCA's Y Time program is more than just care for children; it's an opportunity to learn, create, play, empower and grow. Our highly trained and caring staff have a shared commitment to excellence in service and child development.

With a wide range of activities to stimulate your child's creativity, self esteem and independence. Our values-based program will help young children learn essential social, physical and intellectual skills. Ages 6 weeks–8 years.

Parent's Night Out

Can't remember the last time you ate a meal out that didn't come with crayons? Drop your children off in a safe structured environment where they are able to play, make crafts and wind down with a movie while you slip away kid free for a few hours. Parent's Night out is held on the first and third Fridays of most month and is available for children ages 6 weeks to 11 years.

Youth Center

At the Y we believe that all children and teens deserve a safe place to go after school to explore new interests and hobbies, play games, engage in physical activity, and just hang out with friends. The youth center is a great place for teens and tweens to hang out. For ages 9–17.

After School Programs

We offer a wide range of after school enrichment classes that are located right at your school, both athletic and enrichment options. Students will be engaged and have fun while learning new things and making friends.

Youth Sports

It's not whether you win or lose, it's how you learn to play the game. At the Y, kids develop all of their skills, from catching and dribbling to teamwork and sportsmanship. Just as important, they learn firsthand the benefits of being healthy and active.

Day Camps

YMCA camp programs will give you peace of mind while you are at work. The program assures learning, fun, and character building that is experienced during the school year. Camp is during spring, summer and winter breaks. Themes for camps are focused around sports, arts, cooking and science.

HEALTHY LIVING

The Y provides healthy living programs because wellness in spirit, mind and body strengthens our very being and enhances our interactions with others.

At the Y, we have the facilities, equipment, programs and staff to support you. Make new friends, increase your self-confidence, and improve your spiritual, mental and physical health.

Group Exercise

From Active Adult, Barre and Cycle to Yoga and Zumba, our classes are a fun and interactive way to engage in the Y community. Together we impact each others lives in a supportive and active community. With a variety of classes tailored to the health seeker it is possible for everyone to enjoy the physical and mental benefits of activity.

ActivTrax

Accountability is a key component to any fitness plan. The Y helps you maintain your exercise routine while keeping things fresh and interesting. Regardless of fitness level, our ActivTrax program provides easy and successful ways to challenge your workout and help you get the results you want.

Personal Training

When you make a commitment to personal training you make a commitment to yourself. Our certified personal trainers will help you achieve your fitness goals by designing a program to meet your specific fitness needs. See a healthy living staff to schedule your first session and learn more about our pricing and packages.

FITNESS CAMPS

Our fitness camps provides a cost-effective way for people to experience the benefits of working with a fitness professional and enjoy the support of like minded individuals. When people start exercising in a group, they establish relationships and make friends with other people in the group — helping them become regular participants in group activities.

AQUATICS

The Y is the starting point for many youth to learn about becoming and staying active. The benefits of learning to swim are more than just physical. When kids learn to swim, they can build confidence, discover their personal best and have fun.

Swimming is a life skill as well as great exercise and a challenging sport. The Y offers swim lessons, family swim, competitive swimming, and many kinds of adaptive water fitness programs for adults, so all can safely enjoy the pleasures of an aquatic environment.

Swim Lessons

Demonstrating our passion for safety and skill development, we appreciate the opportunity to provide guided class times to foster that love for water, and respect for the environment.

SOCIAL RESPONSIBILITY

Annual Support Campaign

Too many of our neighbors don't have the opportunity to be in enriching and healthy programs that provide a sense of community. Progress is only possible if we work together. The Y counts on the generous support of our members and community organizations. Donors and volunteers help to ensure that every person has the opportunity and resources to reach their full potential.

We ask you to follow in the footsteps of the leaders who built the Y and give generously for our common future.

Volunteering

Volunteering is more than just sharing your time and passion. It's about the satisfaction of knowing you are helping people become stronger, giving back to your community and gaining valuable experience. You can help with special events to coaching or mentoring, your skills and interests can make a difference here.
